**Map #8 - Websters Falls Side Trail = 4.5 km**

The portion of the main Trail between Sydenham Road and Websters Falls, closed in 2008, has now been reopened as the *Websters Falls Side Trail*. This trail leaves the Main Trail at Sydenham Road to climb the east and then north rim of the Spencer Gorge Wilderness Area, connecting to the *Dundas Lookout Side Trail* and the *Glen Ferguson Side Trail*. The trail passes Tews Falls and ends at Websters Falls. Spectacular views over the Gorge and the Dundas area occur along this trail. Parking is available slightly further along Sydenham Road at the Sydenham Lookout and at both Tews Falls and Websters Falls.
