Map #18 – Tom East Side Trail

This short section of the *Tom East Side Trail* was rerouted due to several cases of hikers trespassing down a field road from the meadow and ending up in the farmyard of an adjacent landowner. The Trail was moved so that it does not cross the middle of the meadow but traverses the top of the ridge at the north end of the meadow.

New Route = 565 m

Deleted Route = 550 m
