

Caledon

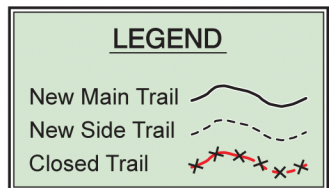

Map #18, 3rd Line EHS Reroute

The Trail heads north on the 3rd Line EHS from Dunby Road and follows the road for 330 m. It then turns left to climb a rocky path to the top of the escarpment, passes a grassy area and then through mixed hardwoods before meeting the 0.2 km Hockley Heights Side Trail extension on the right. It continues along a very pretty brow section before descending the escarpment via some crevices and a series of steps (where some caution is required) and returns to the 3rd Line once again.

Route Deleted = 0.7 km

New Route = 0.9 km
