

# Fossil Glen Nature Reserve Fundraising Event

What happens when you take a beautiful part of the Bruce Trail Conservation Corridor, mix in an idyllic spring day then fold in hundreds of committed people? *You get a picture perfect day at the Fossil Glen Nature Reserve fundraising event.*

The day was designed to showcase Fossil Glen - a new nature reserve the BTC is working to acquire in the Sydenham section. Interpretive hikes educated and informed, friendly company made the afternoon a delight, and a delicious BBQ overlooking Fossil Glen's calm pond added the final touch.

Hundreds of people came out on May 3rd to explore the Fossil Glen Nature Reserve and they generously donated \$16,400 to help create 5 new Nature Reserves including Fossil Glen. The Sydenham Bruce Trail Club donated \$5,000 at the event and the Club's volunteers were welcoming hosts throughout the event. Thank you Sydenham and thank you donors! •

Sydenham Bruce Trail Club donates \$5,000 to help secure the Fossil Glen Nature Reserve, May 3
