

# Photo Contest 2014

## *Escarpment Water*

**This year, as the BTC celebrates 50 years of preserving and conserving the Niagara Escarpment, our annual photo contest theme reflected a most vital and beautiful resource - Escarpment Water.**

Our members submitted an amazing array of photos, from which our judges chose these 10 beautiful finalists. Over 1000 votes were then cast online to help select the winning image.

Congratulations to Grand Prize Winner Liz Corbett for her beautiful image of Silver Creek, "Green and Grounded".
