The Bruce Trail Conservancy is a charitable organization committed to establishing a conservation corridor containing a public footpath along the Niagara Escarpment, in order to protect its natural ecosystems and to promote environmentally responsible public access to this UNESCO World Biosphere Reserve.

Many people do not know that only 63% of the Trail is currently secure – the remaining 37% is on private land and vulnerable to development. It is the goal of the Bruce Trail Conservancy to purchase Niagara Escarpment lands to secure a conservation corridor.

The Bruce Trail Conservancy is supported by members. After your day with the BTC, we invite you to consider becoming a member. As a member you have the satisfaction of knowing that you are helping to maintain and sustain the Bruce Trail. You are helping to ensure public access to the Niagara Escarpment, a UNESCO World Biosphere Reserve, home to irreplaceable natural spaces, endangered species and the Bruce Trail.
