Bruce Trail CONSERVANCY

Dufferin Hi-Land Map #19 – Splitrock Narrows Property

Narrows Side Trail

A 105 metre dead end side trail following the floor of the Splitrock Narrows crevice. This feature was created by an effect known as cambering; a process that widens cracks into crevices through freeze-thaw action.

Ralph Tremills Side Trail

A 960 metre side trail named in honour of Ralph Tremills, in recognition for his many years of dedication to the Bruce Trail and to the Dufferin Hi-Land Club. This trail provides a loop of 2.1 km with the Splitrock Side Trail.

Splitrock Side Trail

The south western portion of this side trail has been rerouted to the south edge of the property. The length of this side trail remains 1.9 km.

Sept 2014

We are happy to provide this reroute map to you as a service to encourage you to use the Bruce Trail. This service is provided thanks to the generosity and support of Bruce Trail Conservancy members and donors. In addition to maintaining the Bruce Trail, we continually strive to purchase land along the Niagara Escarpment with the goal of securing the Trail and creating a conservation corridor.

Consider becoming a member today, it's only \$50 per year, or make a donation. Call 1-800-665-4453 or visit www.brucetrail.org
